Revitalist Increases National Footprint to 60,000 Square Feet and Becomes One of the Largest Publicly Listed Ketamine Focused Treatment Chains in the U.S.

VANCOUVER, BC, February 10, 2022 – REVITALIST LIFESTYLE AND WELLNESS LTD. (“Revitalist” or the “Company”) (CSE: CALM) (OTCQB: RVLWF) (FSE: 4DO) is pleased to announce it has formally opened its ninth psychedelic assisted psychotherapy clinic located at 6871 Belfort Oaks Place, Suite 2, Jacksonville, FL, 32216 (“Jacksonville Clinic”). With the opening of this clinic, Revitalist has a total clinic footprint of over 60,000 square feet and has become one of the largest publicly listed ketamine focused treatment chains in the U.S.

The Jacksonville Clinic is managed by Dr. Nicholas Kalynych and will transition patients from the acquisition previously announced on January 12, 2022. With 12 treatment rooms, the clinic can provide approximately 12,500 ketamine infusions to patients annually and currently offers ketamine infusions, vitamin infusions, Spravato and telemedicine therapy.

Dr. Nicholas Kalynych commented: “We are thrilled to formally open our doors to our existing patient base and welcome new faces to our beautiful facility. Our former clinic capacity was limited, so the availability of 12 treatment rooms will be instrumental in providing essential medical care to the Jacksonville community while facilitating incremental growth to the practice.”

Kathryn Walker, CEO of Revitalist, commented: “Revitalist has grown to 60,000 square feet of facility space and nine clinics in less than twelve months making us one of the largest publicly traded ketamine focused treatment chains in the U.S. in terms of facility space. In the coming months we intend to focus on perfecting our infrastructure and capitalizing on the economies of scale associated with the growth we have achieved to date. Our goal is to be leaders in this space, striving to do our part to improve global healthcare and bring value to our shareholders.”
